Jawaban

In this assignment, I discuss discussion, review, and presentation using a personal example.
I usually enjoy learning coding, although last week I chose to visit the local museum.
That experience was enjoyable; it also helped me understand how context affects language.
Online classes are flexible, but face-to-face discussion can improve participation.
I believe that practicing with my study group supports clearer communication.
However, accurate examples and logical connections are necessary to make an explanation convincing.
