Warm-up: Think and Discuss

Diskusikan dengan pasangan: Apa perbedaan makna antara “I worked here for five years” dan “I have worked here for five years”? Dalam situasi apa kamu akan memilih email formal daripada pesan singkat?

A. Tense Review: Ringkasan Tenses

Tense membantu menunjukkan kapan suatu peristiwa terjadi dan bagaimana penutur melihat peristiwa itu: sebagai kebiasaan, proses, pengalaman, atau kejadian yang sudah selesai.

1. Present Forms

Tense	Pola umum	Fungsi	Contoh
Simple Present	S + V1(s/es)	Kebiasaan, fakta, keadaan umum	The team reviews every proposal carefully.
Present Continuous	S + am/is/are + V-ing	Sedang berlangsung atau situasi sementara	We are revising the final section now.
Present Perfect	S + have/has + V3	Pengalaman atau hasil yang relevan sekarang	She has submitted the report.
Present Perfect Continuous	S + have/has been + V-ing	Aktivitas yang berlangsung sejak waktu tertentu / menekankan durasi	They have been discussing the issue for an hour.

2. Past Forms

Tense	Pola umum	Fungsi	Contoh
Simple Past	S + V2	Kejadian selesai pada waktu lampau	The director approved the plan yesterday.
Past Continuous	S + was/were + V-ing	Proses yang sedang berlangsung pada waktu lampau	I was writing the summary when she called.
Past Perfect	S + had + V3	Kejadian yang lebih dahulu terjadi sebelum kejadian lampau lain	They had left before the meeting began.
Past Perfect Continuous	S + had been + V-ing	Durasi aktivitas sebelum titik waktu lampau	He had been waiting for 30 minutes when the bus arrived.

3. Future Forms

Bentuk	Pola umum	Fungsi	Contoh
will + V1	S + will + V1	Prediksi, keputusan spontan, tawaran	I will send you the revised file.
be going to	S + am/is/are going to + V1	Rencana atau prediksi berdasarkan tanda yang ada	We are going to launch the course in June.
Future Continuous	S + will be + V-ing	Aktivitas yang akan sedang berlangsung pada waktu tertentu	At 10 a.m., I will be presenting the results.
Future Perfect	S + will have + V3	Sesuatu yang akan selesai sebelum batas waktu tertentu	By Friday, we will have completed the project.
Future Perfect Continuous	S + will have been + V-ing	Durasi aktivitas hingga titik waktu di masa depan	By May, she will have been teaching here for ten years.

Ingat Tidak semua kalimat masa depan harus memakai “will”. Pilih bentuk berdasarkan maksud: rencana, prediksi, proses yang sedang berlangsung, atau hasil yang sudah tercapai pada batas waktu tertentu.

4. Signal Words: Petunjuk Konteks

Petunjuk	Bentuk yang sering digunakan	Contoh
usually, often, every week	Simple Present	She usually checks the data twice.
right now, at the moment	Present Continuous	The engineers are testing the system right now.
already, yet, so far, since, for	Present Perfect / Present Perfect Continuous	We have known each other for years.
yesterday, last month, in 2020	Simple Past	The company opened a branch in 2020.
while, at 8 p.m. yesterday	Past Continuous	I was studying while my brother was cooking.
by the time, before + past event	Past Perfect (sesuai konteks)	The train had left by the time we arrived.
by next week, by 2030	Future Perfect (sesuai konteks)	By next week, they will have finished the design.

Signal words membantu, tetapi jangan mengandalkannya sendirian. Perhatikan juga urutan kejadian dan maksud pembicara.

B. Memilih Tense Sesuai Konteks

1. Bandingkan makna

Kalimat	Makna / fokus
I worked at the company for five years.	Periode kerja dipandang selesai; konteks menunjukkan masa lampau.
I have worked at the company for five years.	Pengalaman/periode kerja berhubungan dengan sekarang; biasanya masih bekerja di sana.
She had finished the report when I arrived.	Laporan selesai lebih dahulu daripada kedatangan saya.
She was finishing the report when I arrived.	Proses menyelesaikan laporan sedang berlangsung saat saya tiba.
By December, we will complete the project.	Prediksi atau target penyelesaian pada Desember.
By December, we will have completed the project.	Menekankan bahwa proyek sudah selesai sebelum atau paling lambat Desember.

2. Cara cepat menentukan tense

- Tentukan titik waktunya: present, past, atau future.
- Tanyakan apakah kejadian berupa kebiasaan/fakta, proses, hasil, atau durasi.
- Jika ada dua kejadian, tentukan urutannya: mana yang terjadi lebih dahulu?
- Baca seluruh kalimat untuk memastikan tense konsisten dengan makna.

3. Kesalahan yang sering terjadi

Kurang tepat	Lebih tepat	Alasan
I have seen him yesterday.	I saw him yesterday.	“Yesterday” menunjukkan waktu lampau yang selesai.
When I arrived, they already left.	When I arrived, they had already left.	Past Perfect menandai kejadian yang lebih dahulu.
She is knowing the answer.	She knows the answer.	“Know” umumnya merupakan stative verb.
By next month, I finish the course.	By next month, I will have finished the course.	Future Perfect menekankan hasil sebelum batas waktu.

Tips Advanced Dalam tulisan akademik atau profesional, konsistensi tense penting. Namun, perubahan tense dapat digunakan jika waktu atau sudut pandang memang berubah.

C. Complex Sentence Structures

Complex sentence menggabungkan satu independent clause (klausa yang dapat berdiri sendiri) dengan setidaknya satu dependent clause (klausa yang bergantung pada klausa lain). Struktur ini membantu menyampaikan hubungan sebab, waktu, syarat, kontras, atau informasi tambahan.

1. Independent vs Dependent Clause

Jenis	Contoh	Penjelasan
Independent clause	The team changed the schedule.	Memiliki gagasan lengkap.
Dependent clause	because the speaker was unavailable	Belum menjadi kalimat lengkap jika berdiri sendiri.
Complex sentence	The team changed the schedule because the speaker was unavailable.	Dua klausa terhubung dengan hubungan sebab.

2. Subordinating conjunctions

Hubungan	Kata penghubung	Contoh
Sebab	because, since, as	Since the data was incomplete, we postponed the decision.
Kontras	although, even though, whereas, while	Although the deadline was tight, the team delivered quality work.
Syarat	if, unless, provided that	We can proceed if everyone approves the proposal.
Waktu	when, while, after, before, once	After the meeting ended, the manager sent a summary.
Tujuan	so that, in order that	She explained the steps so that everyone could follow them.
Hasil	so…that, such…that	The instructions were so clear that nobody needed help.

3. Relative clauses

Relative clause memberi informasi tentang orang, benda, atau tempat. Gunakan who untuk orang, which untuk benda/hewan, that untuk orang atau benda dalam banyak defining clauses, whose untuk kepemilikan, dan where untuk tempat.

Contoh	Fungsi
The analyst who prepared the report is presenting today.	who menjelaskan “the analyst”.
The proposal that we discussed has been approved.	that menjelaskan “the proposal”.
The office where I work is near the station.	where menjelaskan “the office”.
Maya, whose research won an award, will speak first.	whose menunjukkan kepemilikan.

4. Combining ideas effectively

Kalimat pendek dapat digabungkan agar hubungan antaride lebih jelas. Hindari menggabungkan terlalu banyak gagasan sehingga kalimat menjadi sulit dipahami.

Kalimat terpisah	Versi kompleks
The results were unexpected. We repeated the experiment.	Because the results were unexpected, we repeated the experiment.
The client approved the design. The team still made minor changes.	Although the client approved the design, the team made a few minor changes.
You submit the form. We can process your request.	Once you have submitted the form, we can process your request.
The course is intensive. It provides practical feedback.	Although the course is intensive, it provides practical feedback that helps learners improve.

5. Punctuation reminder

- Jika dependent clause berada di awal, biasanya gunakan koma sebelum independent clause: “Although it was late, we continued.”
- Jika independent clause berada lebih dahulu, koma sering tidak diperlukan: “We continued although it was late.”
- Jangan menghubungkan dua independent clauses hanya dengan koma (comma splice). Gunakan titik, titik koma, atau conjunction yang tepat.

Perhatikan “Although the task was difficult, but we finished it” tidak tepat dalam pola standar karena although dan but digunakan bersamaan untuk hubungan kontras yang sama. Tulis: “Although the task was difficult, we finished it” atau “The task was difficult, but we finished it.”

6. Practice: upgrade the sentence

Gabungkan setiap pasangan ide menjadi satu complex sentence. Gunakan conjunction yang sesuai dan pertahankan maknanya.

The weather was poor. The event continued. (although)

Please read the instructions. You begin the assessment. (before)

The team missed the first deadline. The client changed the requirements. (because)

I will send the file. I receive your confirmation. (once)

D. Formal vs Informal Register

Register adalah pilihan bahasa yang disesuaikan dengan situasi, tujuan, dan lawan bicara. Bahasa formal umumnya digunakan dalam email profesional, laporan, presentasi resmi, dan komunikasi akademik. Bahasa informal lebih umum untuk teman, keluarga, atau percakapan santai.

Situasi	Formal / Professional	Informal / Casual
Meminta bantuan	Could you please review this document?	Can you check this for me?
Memulai email	Dear Ms. Taylor,	Hi Taylor,
Memberi kabar	I am writing to inform you that the meeting has been rescheduled.	Just letting you know the meeting's been moved.
Menyatakan pendapat	In my view, this approach would be more effective.	I think this way would work better.
Tidak setuju	I understand your point; however, I have a different perspective.	I get what you mean, but I see it differently.
Meminta maaf	Please accept my apologies for the delay.	Sorry I'm late getting back to you.
Menutup email	Kind regards,	Thanks! / See you!

1. Ciri umum bahasa formal

- Pilihan kata lebih sopan, spesifik, dan profesional.
- Menghindari slang serta singkatan percakapan yang terlalu santai.
- Menggunakan struktur kalimat lengkap dan jelas.
- Nada tetap sopan ketika meminta, mengkritik, atau tidak setuju.

2. Mengubah informal menjadi formal

Informal	Formal
I wanna ask about the deadline.	I would like to ask about the deadline.
We can't finish this by Friday.	We will not be able to complete this by Friday.
Send me the details ASAP.	Could you please send me the details at your earliest convenience?
The results are kinda confusing.	The results are somewhat unclear.
Thanks for helping out.	Thank you for your assistance.

Penting Formal bukan berarti harus memakai kalimat panjang atau kata-kata rumit. Utamakan kejelasan, kesopanan, dan kesesuaian dengan audiens.

3. Contoh email profesional

Model email Subject: Request for Feedback on the Project Proposal

Dear Mr. Harris,

I am writing to ask whether you would be available to review the attached project proposal. Your feedback would be greatly appreciated, particularly regarding the timeline and budget.

If possible, could you share your comments by Thursday afternoon? Please let me know if you require any additional information.

Thank you for your time and assistance.

Kind regards,
Nadia

4. Contoh pesan informal

Model chat Hi, Mr. Harris! Could you take a look at my project proposal when you have time? I'd really appreciate your feedback, especially on the timeline and budget. If possible, could you send your comments by Thursday? Thanks!

Catatan: Pesan kepada pengajar atau atasan dapat tetap hangat dan ringkas, tetapi pilihan sapaan dan tingkat kesopanan sebaiknya mengikuti hubungan serta kebiasaan di lingkungan tersebut.

5. Pilih register yang tepat

Konteks	Register yang disarankan	Alasan
Email melamar pekerjaan	Formal	Mewakili diri secara profesional.
Chat dengan teman dekat	Informal	Hubungan akrab dan situasi santai.
Presentasi hasil penelitian	Formal / academic	Membutuhkan ketepatan dan nada objektif.
Pesan grup proyek dengan rekan kerja	Semi-formal hingga informal	Tergantung kebiasaan tim dan tujuan pesan.

E. Dialog dan Penerapan

Dialog 1: Project Meeting (Professional)

Speaker	Dialogue	Arti ringkas
Nadia	Good morning, everyone. Have you had a chance to review the revised timeline?	Selamat pagi. Apakah semua sudah sempat meninjau jadwal terbaru?
Ethan	Yes. I have reviewed it, and I believe the final stage may take longer than expected.	Ya, saya sudah meninjaunya dan tahap akhir mungkin memakan waktu lebih lama.
Nadia	Although the team has made good progress, we should allow extra time for testing.	Walaupun tim sudah berkembang baik, kita perlu menyediakan waktu tambahan untuk pengujian.
Ethan	I agree. If we begin testing earlier, we will be able to identify issues before launch.	Saya setuju. Jika pengujian dimulai lebih awal, masalah bisa ditemukan sebelum peluncuran.
Nadia	That sounds reasonable. By Friday, I will have updated the schedule and shared it with everyone.	Masuk akal. Pada Jumat, saya akan sudah memperbarui jadwal dan membagikannya.

Dialog 2: Casual Conversation

Speaker	Dialogue	Fokus bahasa
Ari	Hey, have you finished the presentation yet?	Present Perfect + informal greeting
